### Revision Accomplishment Checklist

#### REVISIONS RECORD

This record is to be retained in this manual. Upon receipt of revisions, insert the revised pages in the manual and enter the revision number, date, insertion date and your initials in the appropriate blocks. Return the acknowledgment form to the Quality Control Manager at National AirParts, Inc.

NOTE: Revision 5 (Dated 03/01/2003) is issued to completely replace the original Brush Change Instructions Manual including Revisions 1, 2, 3 and 4 thereof. Copies of these early referenced manuals, through Revision 4, should be clearly marked as **OBSOLETE** and removed from use.
